43 USC 485a.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, for the purposes of providing irrigation water supplies, providing municipal and industrial water, the conservation and enhancement of fish and wildlife resources, and the enhancement of recreation opportunities, the Secretary of the Interior, acting pursuant to the Federal reclamation laws (Act of June 17, 1902; 32 Stat. 388, and Acts amendatory thereof or supplementary thereto), is authorized to construct, operate, and maintain the East Greenacres unit, Rathdrum Prairie project, Idaho. The principal works of the unit shall consist of wells, regulating reservoirs, the necessary water distribution systems, and related works.

SEC. 2. (a) Irrigation repayment contracts shall provide for repayment of the irrigation construction costs assigned to the irrigators for repayment over a period of not more than fifty years, exclusive of any development period authorized by law. Construction costs allocated to irrigation beyond the ability of irrigators to repay shall be charged to and returned to the reclamation fund in accordance with the provisions of section 2 of the Act of June 14, 1966 (80 Stat. 200), as amended by section 6 of the Act of September 7, 1966 (80 Stat. 707), and from surplus municipal and industrial water revenues as provided by subsection 2(b) of this Act.

(b) Municipal and industrial repayment contracts shall provide for repayment of the construction costs allocated to municipal and industrial water supply, with interest, by the municipal and industrial water users over a period of not more than fifty years from the date that water is first delivered for that purpose, pursuant to contracts with municipal corporations, organizations, or other entities as defined in section 2(g) of the Reclamation Project Act of 1939 (53 Stat. 1187): *Provided*, That contracts for municipal and industrial water service shall provide that annual payments shall continue at the same rates as long as the irrigation repayment contracts are in effect: *Provided further*, That revenues in excess of those required to repay the allocated municipal and industrial water supply costs with interest and the portion of the annual operation, maintenance, and replacement costs allocated to municipal and industrial water supply shall be returned to the reclamation fund and credited toward the repayment of the construction costs allocated to irrigation which are beyond the ability of the irrigators to repay. Such contracts may be entered into with a

qualified entity or entities pursuant to the provision of this Act without regard to the last sentence of subsection 9(c) of the Reclamation Project Act of 1939, supra, and shall be executed before the commencement of construction of the unit.

(c) The interest rate used for purposes of computing interest during construction and, where appropriate, interest on the unpaid balance of the reimbursable obligations assumed by non-Federal entities shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations which are neither due nor callable for redemption for fifteen years from date of issue.

SEC. 3. The provision of lands, facilities, and project modifications which furnish outdoor recreation and fish and wildlife benefits in connection with the East Greenacres unit shall be in accordance with the Federal Water Project Recreation Act (79 Stat. 213).

SEC. 4. Power and energy required for irrigation water pumping for the East Greenacres unit shall be made available by the Secretary from the Federal Columbia River power system at charges determined by him.

SEC. 5. For a period of ten years from the date of enactment of this Act, no water from the project authorized by this Act shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949, or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938, as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

SEC. 6. There is hereby authorized to be appropriated for construction of the works herein authorized and for the acquisition of necessary land and rights the sum of \$4,965,000 (January 1969 prices), plus or minus such amounts, if any, as may be required by reason of changes in the cost of construction work of the types involved therein as shown by engineering cost indexes. There are also authorized to be appropriated such sums as may be required for the operation and maintenance of said unit.
